To the Bloomfield Health Department:

Hello, my name is Silas Ashmore and I am a veterinarian located in Fairfield NJ. I am writing you today in regards to Jeff Coltenback, who I understand is interested in adopting a dog. I have known Jeff for 6 years now and he is a great pet owner as well as with his rescue dogs. He is always keeping his pets up to date with their vaccines and if they have any medical issues he addresses the situation immediately. I can not think of a better person then Jeff to adopt a dog especially with his knowledge of pitbulls and training. We highly recommend him to our patients for training and for adoptions. Everyone who uses him always has positive feedback and thanks us for the recommendation. If you would like more information or have any additional questions please feel free to contact me at the above number or via email at (allcreaturesgreatandsmallvet.com).

Thank you so much for your time.

Silas Ashmore D.V.M.
