

To the Bloomfield Board of Health:

I would like to recommend that Jeff Coltenback, a well-respected professional dog trainer and dog handler with whom I have worked on several occasions, be able to adopt the dog Memphis. He will, without a doubt, provide this dog with everything he will need to have a good life and live respectfully in the community. Jeff is responsible, and extremely knowledgeable about all dogs, especially bully breeds. He is very serious and realistic about the dogs he takes into his care, and I trust and value his judgment.

I have been involved in sheltering and caring for dogs for over twenty years, and have worked with many different canine trainers and behavior counselors. Jeff is among the very top of those in his field. I would highly recommend Jeff Coltenback to adopt Memphis.

Sincerely,

Carole Michales
